Making the most out of your hard earned money is more important than ever before. We have all faced some hard times in 2010 and 2011. Many have lost jobs and have had to depend on unemployment to meet their monthly expenses. You, as well as the credit union, must plan in detail the necessary steps to take to keep our

financial health. We encourage you to start saving for expenses that will surely come each year (ex: property taxes). You'll be surprised how fast your savings will grow. **DON'T FORGET! WE HAVE MONEY TO LEND.**

We'll do our best to get you into the loan that fits your budget. Don't pay

too much in hidden fees and finance charges. A 7 year car loan is only good if your car is still running strong in 7 years. It's your credit union. Let us help you get the most out of your credit union. Call on us for all your financing needs whether it's a car, tires for the car, vacation, toys, education, furniture or whatever....Call us first!

We are here to serve YOU! Put us to work.

### IRA Accounts

Don't forget that you have until April 15, 2012 to make a contribution to your IRA for the 2011 tax year. Contact the credit union for more details on the amount allowed for contribution .

### NEW FACE AT CREDIT UNION!

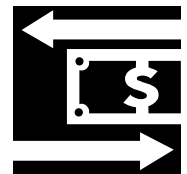

**Tyler Taylor** joined our staff on October 31, 2011. He is anxious to meet and serve you! If you get a chance come by and meet him.

### Direct Deposit - Tax Refunds

Direct deposit your tax refund at your credit union into your savings or checking account. Your refund will be deposited and available to you in no time. Don't

pay high fees for refund loan advances at tax preparers' offices and then have to wait for the check to clear before you can use the money. If you don't

know what numbers to use, call us. We'll be glad to help.

Tired of filing your statement or just trying to find it when you need it. Call us and sign up for E-statements. It's as simple as a few clicks in our home banking site. Always at your finger tips. Save time, paper & postage!
