Money's tight! Are your bills more than your pay?

With each new day, it seems that we continue to receive news that the price we pay for things will be increasing due to numerous circumstances. However, our wages are not increasing at the same rate. This can cause significant financial strain on an already stretched budget. We want to remind our members, that we are here for you to help you in any way to make sure you are able to survive our ever changing financial environment. Whether it's a loan, help with a budget, a savings plan or just someone to talk to.....Don't forget you're part of a credit union family "where people are worth more than money". When you make a debt like purchasing a vehicle, consider whether that person closing the deal will be with you when the tough times come. You need to partner with us....we'll be there with you to the end.

Are you
using
"Home-
banking"?
