Each year new directors are elected to serve on the Board of Directors at the Annual Meeting. A nominating committee has been appointed by the Board of Directors to accept recommendations and verify each persons qualifications to serve as a director. After a review of all recommendations submitted, the committee will nominate members from the recommendations to serve as the new directors. If you would like to serve as a director or would like to recommend someone whom you would wish to represent you on the Board of Directors, please submit your nomination by 02/06/2026 to this committee. An application will be mailed to the nominee to complete for verification and qualification.
